COSC 4353: Assignment #6

Amin Alipour - `maalipou@central.uh.edu`
Ruchi Shah - `rkshah2@central.uh.edu`
Khalid Hourani - `khalid.hourani@gmail.com`

Due: Monday, November 11, 9:00am

Triangle Class

Add the following to your `Triangle Class` from **Homework 2**:

- Use Maven for build automation

- Use JavaCoCo to report the test coverage

- Write JUnit Test Cases to get 100% branch coverage

Instructions

- Create a project named "triangle-testing" on the GitHUb and upload your code to it.

- We run `mvn compile` to compile the project and `mvn test` to run the tests.

- This is an individual project.
